

The National Bank of Indianapolis
Job Posting: Financial Analyst

A Stable and Growing Employer

The National Bank of Indianapolis is the largest, locally owned, national bank in greater Indianapolis. Since opening our doors in 1993, we have grown from 18 employees to more than 300 employees. Our strength and success in serving the local market is directly attributable to our talented staff. With greater than 90% staff retention year after year, and with a highly competitive benefit package, our staff enjoy a sense of stability not always experienced in the general work environment. Benefits include but are not limited to: medical/dental/vision/life insurance, vacation, personal time, holidays, tuition reimbursement, 401(k), profit sharing, and wellness benefits.

Who We Are Looking For

The National Bank of Indianapolis has assembled our talented staff by hiring only the best, whether highly experienced professionals or those just entering the workforce. We are looking for those who are committed to delivering superior service to our clients and superior teamwork to their coworkers. Along with the relevant knowledge and experience, The National Bank of Indianapolis requires its employees to have both a high degree of professionalism and a commitment to excellence.

How to Apply

To express interest in an open position at the Bank, please email your resume to Resumes@NBofI.com or call 317/261-3271.

JOB POSTING

Position: Financial Analyst

Department: Finance

Purpose of Position:

The incumbent is responsible for preparing complex financial analyses and models, and summarizing output, to aid in business decisions. Independent judgment is required to plan, prioritize and organize a diversified workload.

Essential Functions include, but are not limited to:

- ◆ Manage the Asset Liability model: perform accurate and timely data updates; run detailed economic scenarios; provide thorough and detailed analysis for presentation to Asset Liability Committee; and balance data inputs from the general ledger on a monthly basis
- ◆ Prepare and update annual strategic plan, sharing high level analysis with senior management
- ◆ Prepare and manage the annual profit plan, working collaboratively with others to ensure accurate data entry, detailed analysis, and skilled evaluation of data
- ◆ Coordinate and run profitability models in various areas of the Bank: gather information, establish well-reasoned assumptions, explore various scenarios, provide detailed analysis, and report on outcomes; collaborate with leaders in departments where financial modeling might provide value
- ◆ Utilizing the SNL database, generate routine reports on a quarterly basis and develop custom reports as needed, coordinating with others as appropriate to leverage reporting capabilities
- ◆ Provide information to senior management by assembling and summarizing data, preparing reports, and making presentations of findings, analyses and recommendations
- ◆ Serve on the Current Expected Credit Losses (CECL) model implementation task force, providing skilled data collection and analysis
- ◆ Provide critical backup for Allowance for Loan Losses model
- ◆ Serve as primary contact with financial modeling and other related software vendors to ensure effective use of software and prompt problem resolution

Requirements:

- ◆ Bachelor's degree in Finance or Accounting required; current accounting/GAAP knowledge and minimum of 9 hours of college-level accounting required
- ◆ Minimum of 5 years of senior level experience handling complex financial analysis within the finance function at a bank with assets of \$1 billion or more
- ◆ Demonstrated professional understanding and execution of complex asset liability management, profit planning, long-term strategic planning, and financial modeling
- ◆ Advanced knowledge of Microsoft Office products, with an emphasis on Excel; prior experience with Fiserv Asset/Liability Manager highly desirable
- ◆ Exceptional ability to analyze and interpret complex financial data, formulate conclusions, and prepare/present related reports
- ◆ Demonstrated ability to think critically and make well-reasoned assumptions
- ◆ High degree of accuracy and attention to detail; ability to work independently and meet deadlines
- ◆ Proven written and verbal communication skills, including the ability to convey financial information in commonly understood terms
- ◆ Excellent interpersonal and skills, exhibiting a high degree of professionalism
- ◆ Strong initiative and ability to manage multiple projects, organizing and prioritizing tasks as appropriate
